

BRIEFING NOTE

Winter Break Support for Students in Private Sector Accommodation.

Dear Accredited Providers,

As we head into the Winter Break you may have students who are remaining in your accommodation over the holiday period.

We have been provided with links by our stakeholder universities to designated pages, which detail the available support for students remaining in the city. We are asking for your support in sharing this information to tenants that will be remaining in your accommodation.

The information pages should also capture support available from institutions, if a student is required to self-isolate.
