

# Chill out...

## Take your time looking for your next student home

Get to know your friends before deciding to live with them

Take time to view lots of properties, so you can compare what's on offer & get a good deal

Check the rental prices carefully. Are bills included & how many weeks is the tenancy for?

Be sure before you sign a tenancy agreement, as it cannot be cancelled if you change your mind

Choose LSH accredited properties, as this gives you a way to complain if you experience issues during your tenancy

**Properties for 2024/25 available from 1st December**
