

Communal Bins and Waste Collection

Liverpool City Council have introduced Euro bins to a number of areas, popular with student landlords and tenants.

If your property is serviced by these bins please ensure:

Full bin? Please use the next available empty one

Do not leave waste at the side of bins as this may be seen as fly tipping – attracting a fine of £400

These bins are for domestic and recyclable material only. Do not use the bins for furniture or clothing.

Collections from these bins are more frequent so dispose of waste regularly to avoid build up

By remembering NO plastic bags in the Blue Recycling bins contamination can be avoided.
